## **PROFESSIONAL EMPLOYMENT HISTORY**

*January 2002 to Present - Country Insurance and Financial Services - UI Designer*  
I currently work in the Internet Development department designing for their Internet and Intranet. <http://www.countryfinancial.com/>

*June 2001 to Present - Mars Prime Design - Freelance Designer*  
I have been doing freelance design and production for both Internet and Print clients. I've set up a website to showcase my freelance work here, <http://www.marsprime.com>.

*February 1998 to May 2001 - Cyberdesic - Design Architect*  
I was responsible for creating interfaces for web applications as well as websites for the Intranet, Extranet and Internet. I also held two other positions at Cyberdesic in addition to Design Architect. Those include both Design Director and Design Coordinator. Some of my responsibilities included concepting, design direction, prototyping, project management, production and graphical user interface design.

*March 1992 to January 1998 - Multi-Ad Services, Inc. - Designer*  
At Multi-Ad I was responsible for designing brochures, direct mail, sports material, ad planners, in-house promotions, commercial print and product/client websites.

*January 1989 to March 1992 - Multi-Ad Services, Inc. - Electronic Production Artist*  
*July 1988 to January 1989 - Multi-Ad Services, Inc. - Freelance Production Artist*
